

# MIKI STUDY PALS

## VOLUNTEER DAY!

Sunday, December 8th 2024

### About Our Volunteers

The students who were able to join this time were from:

Nitta High School, Aiko High School, and Matsuyama West High School

### About the event:

The students were in charge of organizing the event, leading it, and engaging with the residents.

They prepared some Christmas songs for everyone to sing together and some crafts for everyone to make together. One of our students even played the guitar!

### Student comments:

- I was so glad to see the participants' smiles!
- I was able to communicate in English with people of all ages, and it was a great experience.
- I was really happy to hear that participants could enjoy singing and making Christmas crafts.
- I enjoyed communicating through English across different generations!

**We would like to give a special thanks to Alpha Living Matsuyama Kumanodai Branch for allowing our students to do this event at their facility.**
